

## EGGER PROTECT

EGGER PROTECT IS A TRUE MARKET-LEADING PRODUCT THAT OFFERS A WIDE RANGE OF TANGIBLE ADVANTAGES.

EGGER Protect is manufactured from an EGGER P5 flooring grade particleboard with a unique, weather resistant surface layer. This surface is applied to both the top and underside of the board, which results in a product that offers protection from moisture penetration.

In fact EGGER Protect has a hard-wearing **anti-slip surface** that can help to provide additional foot holding on site in both wet and dry conditions, which not only contributes significantly to site safety but also makes this an essential safe working platform for use in house building construction. EGGER Protect can be **left exposed to the elements for up to 42 days** during the building process and can even be laid during light rain conditions, thereby minimising weather related stoppages and enabling faster completions.

When glued with EGGER Joint & Joist D4 Adhesive it provides a **fully sealed working deck** that requires no joint sealing tape and that protects against site spoil, impact, the wear and tear of heavy site traffic and moisture. Its concrete-effect finish also requires no painting once work has been completed.

Furthermore, EGGER Protect is **ideal for use with under-floor heating** as it is less likely to be affected by moisture changes that are known to be accelerated by this type of heating. It can also be tiled onto directly using a flexible tiling adhesive.

### AT A GLANCE BENEFITS

All of the benefits of EGGER P5 plus...

- Can be installed in light rain conditions resulting in fewer stoppages on site.
- Fully sealed surface protects against water and moisture ingress on both sides of the board for up to 42 days in exposed conditions.
- Protects against the wear and tear of site traffic.
- Ideal for use with under-floor heating.
- The only board type we recommend tiling directly onto.
- The unique anti-slip surface contributes to site safety.
- No joint sealing tape required.

When used as part of the EGGER Advanced Flooring System, EGGER Protect is covered by our **EGGER Advanced Lifetime Guarantee** (page 6-7).

For board sizes and pack quantities please see page 23.
